INVESTMENT OVERVIEW

Starboard Lemon Grove DST ("the DST") intends to acquire 2 multitenant buildings and 1 single tenant ground lease pad to Wells Fargo Bank within Lemon Grove Plaza, Lemon Grove, California ("Lemon Grove") for \$24,210,000 on or about March 8, 2017. Starboard Realty Advisors ("Starboard"), the sponsor/manager, is offering up to \$13,640,000 of beneficial interests representing 100% of the equity in the DST. The offering may qualify as a 1031 exchange replacement property. Lemon Grove buildings to be acquired by the DST include a pad ground leased to Wells Fargo Bank, and in-line tenants including CVS Pharmacy, Petco, Factory 2U, and Family Health Centers just to name a few. Other Tenants not part of the DST purchase but located in the shopping center and contributing their share of common area expenses include Albertsons, Carl's Jr., Starbucks, In-N-Out Burger, McDonalds, KFC and Del Taco⁽²⁾. Starboard acquires anchored multitenant neighborhood centers for diversification of income and rent growth opportunities. Starboard Lemon Grove MT master leases the property from the DST.

NOTES:

- 1) ALBERTSONS GROCERY STORE BUILDING AND LAND ARE OWNED BY ALBERTSONS AND ARE NOT-A-PART OF THE DST PURCHASE OR OWNERSHIP
- 2) These tenants are not a part of the DST purchase. Pursuant to the CC&Rs these tenants pay a portion of common area expenses to MT who manages the common area
- 3) Information from REGIS Online (a Sites USA Company), a 3rd party firm

INVESTMENT OPPORTUNITY

- Invest in a 95% leased property with annual tenant rent growth.
 Annual rent increases in 10 of 16 tenant leases and increases every 5 years in 4 leases for total of 14 leases representing 88+% of tenants
- Invest in a Southern California (San Diego County) community with a growing population and jobs⁽³⁾
- Professionally managed by experienced sponsor principals and local third party property managers
- 78% Credit and National Chain tenants including CVS Pharmacy, Petco, Rainbow, Factory 2U, Anna's Linens, Massage Envy and Wells Fargo

TRAFFIC COUNT

Lemon Grove Plaza has direct on/off ramps to SR 94 with 143,000 cars per day and 960 feet of freeway visibility and is also located at the most highly trafficked intersection in Lemon Grove at Broadway (35,000 VPD) and Massachusetts (32,000 VPD⁽¹⁾).

MASTER TENANT BUSINESS PLAN⁽²⁾

- Upgrade the center exterior with new paint and remove the ceramic tile features within 180 days of purchasing the property
- Lease freeway billboard signage (income not included in projections)
- Invest strategically for investors in an effort to generate cash flow and asset value appreciation, while maintaining a risk mitigating investment philosophy
- Make monthly rent payments to the Lemon Grove DST pursuant to the rent schedule in the Master Lease
- Maximize net operating income by increasing tenant rents through tenant renewals, lease up and by reducing operating costs
- Position the property for sale at the appropriate time (estimated to be 7-10 Years)
- 1) Data per REGIS Online, a Sites USA Company.
- 2) There are no guarantees that the business plan will be achieved.

RISK FACTORS

- There are risks associated with investing in real estate securities, including general economic conditions, interest rate fluctuations, lease expirations, tax law changes, fluctuations in operating expenses and innumerable other risks beyond the direct control of management. Fees and expenses may outweigh the benefits of tax deferral
- No public market exists for the investment beneficial interests and it is highly unlikely that any such market will ever develop
- No assurances master tenant will be able to execute business plan

STARBOARD REALTY ADVISORS LLC Why Us?

WHY STARBOARD?

- Our Investment Strategy Neighborhood centers provide customers with life's essentials such as food and personal services which are typically difficult to purchase on the internet. Credit worthy tenants and annual rent increases in tenant leases promotes net operating income and property cash flow growth
- Our Experience The principals of the company have 20+ years experience acquiring/managing over 30 grocery anchored shopping centers, without capital calls or a loss of equity
- Our Reputation The principals of the firm have been structuring TIC/ DST properties for over 17 years and 2,000+ investors and are industry advocates
- Asset Management Focus we focus on real estate acquisitions, management and investor services, utilizing an independent managing broker-dealer specializing in DST equity fundraising

WHY BUY GROCERY ANCHORED RETAIL CENTERS?

- Diversification of internet resistant tenants
- Grocery store provides customer traffic with average customer visit of twice per week
- NOI growth annually due to fixed rent and increases in tenant leases
- Creditworthiness of tenants with multiple locations
- Tenants pay property operating expenses, not the owners
- Tenant improvement costs are lowest of commercial property types
- Hedge against inflation, future interest rate and cap rate increases
- Stabilized assets appropriate for DST structure and value added appropriate for LLC structure

DELAWARE STATUTORY TRUST ("DST") INVESTMENT STRATEGY

Starboard's investment strategy for DSTs strives to meet investor objectives and the changing real estate cycle fundamentals of rising interest rates. Historically, a ½ of 1% increase in the 10 Year Treasury Bill will generally cause a 1% increase in capitalization rates*. Since 2008, real estate values have increased largely through cap rate compression. Going forward, we believe value will be created through property performance, revenue growth and increasing the net operating income ("NOI"). We believe that NOI growth can offset downward pressure on property value caused by rising interest rates and rising capitalization rates.

Starboard's strategy is to acquire multi-tenant retail shopping centers which historically have three to ten year lease terms and annual rent increases in the tenant leases. The DST will not own the anchor because it usually represents 40-60% of the centers' income. When an anchor owns their own store, we believe they are more committed to the location and will invest more capital in the store than if it was leased. Our acquisition strategy is preferred to single net lease properties because they typically do not have annual rent increases in their leases. Grocery anchored centers have the opportunity to increase rents during the hold period when tenants renew, or by attracting new tenants that can pay higher rents.
